 THE BANK STATEMENT.

The weekly statement of the associated banks is unfavorable, but attracted little attention. There is a gain of a quarter of a million in legal tenders and a loss of a million and a quarter in specie. As the liabilities show no essential variation the loss in sur-plus reserve is just about a millon. The statement mpares with its predecessor as follows:-

An analysis of the above shows that the banks now hold \$8,270,550 in excess of the legal reservea decrease for the week of \$955, 225.

STOCKS DULL AND STRONG. The stock market was dull and at times almost stagnant. The little business done was at advancing prices, the general market closing with an improvement averaging about one-half per cent and
closing at the best figures of the day, although a
comporary reaction had been occasioned by
the unfavorable character of the bank statement. The chief texture was Pacific Mail. ment. The chief feature was Pacific Mail, which advanced to 59%, but subsequently receded to 58%—the latter movement being the result of telegrams from Albany that the Assembly Committee on Communications. tee on Commerce and Navigation are coming to the city on Thursday next to overhaul the company's raits and investigate the charges of stock speculation on the part of the directors. The Southern State bonds were better for the Missouris, strong for the new South Carolinas, which closed 30 a

TO THE EDITION OF THE HERALD: Tread with considerable interest your remarks in the Financial column of to-day's HeralD concerning the difference in price of the Northern Pacific bonds in London and New York.

If the bonds are issued in £200 sums as the equivalent of \$1,000, and sold at £170 (or 55 per cent), then, of course, you are entirely in the right; for, as you say, the net cash price of £167 los. is, with 9% per cent exchange and gold at 100%, equivalent to a fraction under 89% and not 102 as is erroneously represented. It is sometimes 'he case, however, that bonds are issued in sterling money at £225 for \$1,000 (which is at the rate of 48. 6d, per \$1), and in that case of course there would be a difference of 12% per cent. These Northern Pacific bonds (which I have never seen) I do net understand to be issued in that way, and if not, all attempts to make the public here believe that they were sold abread at the rate of 102 in American currenev is simply ridiculous, and stamp the author of such an assertion a wiful deceiver or a great ignoramus on the subject of exchange.

NEWARK'S MUNICIPAL MATTERS. Important Local Mensures Acted Upon in

Important Local Mensures Acted Upon in Council.

Several matters of considerable local importance were acted upon in the Newark Common Council on Friday night. A resolution was passed requesting Senator Taylor and the Assemblymen of Essex county to vote for a repeal of the notorious Briggs' Drainage bill, so far as it relates to Essex county. The history and character of this bill have already been fully elaborated upon in the Herald. A resolution was also passed increasing the police force from 149 members to 170. A substation was ordered to be provided for in the building purchased for an armory. For the latter there was appropriated \$86,000. A resolution was introduced, but laid over, providing for an increase of city officials' salaries, involving an increased annual outlay of \$22,000. To people who have had hairbreadth escapes, and timit people generally, it is interesting to know that a resolution was introduced and adopted requesting the Assemblymen from Newark and the Common Council Legislative Committee to use their best endeavors to have a law passed compelling the Morris and Essex Railroad Company to construct bridges over Broad, Plane and Spring streets, in Newark, for the use of their trains which now cross the streets named hourly, imperilling the lives of men, women and children. It is to be regretted that the resolution did not include the Newark and New York Railroad under the same requirements. A more dangerous crossing there is not in the city than the one at Mulberry street. This can be added in any bill that may be framed. Alderman Wester-vet struck the chord of Newark's commercial interests by introducing a resolution looking to some improvement in the rotten, continually breaking-down condition of the Newark plank road. No action whatever was taken regarding the Sewer fraud-

BROOKLYN AFFAIRS.

Police Doings.

During the past week the police of Brooklyn ar ons for various offences.

The Shooting of Mr. Hoyt. Yesterday afternoon the case of the shooting of Walter Hoyt was examined before Justice Walsh. It was shown that Mr. Wm. Raynor, a deputy sheriff under Sheriff Walters, who was accused of the offence, had nothing whatever to do with it, and the charge against him was dismissed.

Mr. Isaac Van Auden having resigned his position as Police Commissioner on account of continued ill heaith, at least a nundred patriotic politicians are making strenuous efforts to get possession of his vacant chair. His successor, according to party usage, should come from the Eastern District, and if there be no "shenanaging," it is very likely that Mr. J. A. Ostrom, of the Thirteenth ward will be selected for the place.

A New Dispensary for Williamsburg. The friends of the homocopathic system in Wil-liamsburg have made arrangements to open a dis-pensary to-morrow in the basement of the building No. 98 Fifth street, for the purpose of treating pa-tients who have faith in that system. The expense attending this charity will be borne by a few phi-ianthrophists. The williamsour Dispensary, an ex-cellent institution of twenty-two years' standing, only employs allopathic practitioners. It is sup-ported principally by private citizens, but receives and from the State and city.
